

AirForce Bracket Mounts

Kinze or John Deere 7000 Series

- This kit is not compatible with pusher row units
- All parts are powder coated black, JD green, or Monosem blue
- If new parallel arms are not needed, you can weld ½" X 2" spacer plate inside both upper arms and one lower arm
- Longer bolts are available for attaching PP bracket to parallel arms
- Freight not included in price

All parts mounted on a display stand.
